

### REMARKS

The Examiner has required correction of the specification in the "Notice of Drawing Inconsistency With Specification."

Specifically, the Examiner has indicated that Figure 9 is contained in the Drawings but not listed in the Brief Description of the Drawings in the specification. Therefore, by way of the present amendment, the specification has been amended to correct such inconsistency.

This Amendment does not raise any new issues and does not affect the scope or allowability of the claims. Accordingly, Applicants respectfully request entry of this Amendment. If the Examiner believes that a telephone conference with Applicant's attorney would be advantageous to the disposition of this matter, the Examiner is requested to telephone the undersigned.

Respectfully submitted,
